### **About Us:**

Axis International Company is a regional Technological & Management consulting firm that serves leading businesses, governments, non-governmental, and not-for-profits organizations. We help our clients make lasting improvements to their performance and realize their most important goals. Over nearly nine years, we've built a firm uniquely equipped to this task.

### **Our Mission:**

To be the most admirable Information Technology provider in the region.

### **Our Shared Values:**

We are a values-driven organization. We believe we will be successful if our clients are successful. Our mission is to help our clients make distinctive, lasting, and substantial improvements in their performance and business growth. We set mutual interest partnership with client for long-term lasting shared values.

## **Who We Are:**

We are a team of multi-talented professionals founded, expanding their previous and current successful and proven track records in, Information Technology Solutions, Oil and Gas Industrials, Lighting Control Systems, Consulting and Management industrials, and Projects Management consulting to others.

Axis International Company spreads across Kuwait Statue, Qatar, United Arab Emirates, India, and Iraq. Looking forward rising our radar to include all the regional countries.

## **What we do:**

We serve clients at every level of their organization, in whatever capacity we can be most useful, whether as a trusted advisor to top management or as a hands-on coach for the business lines. For every engagement, we assemble a team with the most appropriate experience and expertise.

No matter the challenge, we focus on delivering practical and enduring results, and equipping our clients to grow and lead. We partner with clients to put recommendations into practice. Our implementation specialists work directly with clients over long periods to help develop workforce skills, increase business revenues, drive operational improvement, and apply new working methods.

We continually seek new and better ways to serve our clients, and aim to anticipate their future needs. We encourage our people to create and pilot new capabilities and tools, and we invest our firm's resources in these efforts:

## **Trading & Contracting**

The company is engaged in diverse Business Activities headed by well-experienced Engineers and highly skilled workers in their relevant fields. Our genuine strength is derived from excellent support we get from prominent manufacturers and export houses from all over the world. Besides Company's own capabilities and facilities, we work in collaboration with many foreign firms like, Cords, Cable, German Tech Fibreglass Industries, Entrepouse Mills International (scaffolding). Our experience in material supply, contracting works and maintenance services has helped us to guarantee prompt service and quality products to all our valued clients.
